All to the point that this Saturday, October 7th, a new edition of the swim to T-Classics Las Canteras will come on the scene and it will be beating its registration of enrolled, since a few days ago was added the swimmer number 333 of an appointment that it has not stopped growing since it was born in 2014.

With a distance of 1,500 meters, the Crossing T-Classics Las Canteras is consolidated in the annual calendar of the Canary Islands and will again have its neuralgic center in La Puntilla, just above the Royal Victoria Club Sailing School. It repeats the same route of the previous three years, with the exit located at Gravina Street and the arrival, located opposite the NH Imperial Playa Hotel.

Taking into account the latest forecasts of tidal conditions, the test will start at 3:00 p.m. Although the area of La Puntilla will already be in a competition environment from 12.00 hours, when the swimmer's bag begins to be distributed.

This autumn, the T-Classics of Las Canteras has joined the Open Water Series Circuit, where three other tests are already included and allows to score points for a final classification.

Municipal support. In a city like Las Palmas de Gran Canaria that hosts more than 300 sports events every year outdoors, apart from the federated competitions, support and municipal coordination becomes a key element to be able to carry out the projects.

In this crossing of Las Canteras, the councils of the District Isleta Puerto Canteras, directed by Sergio Millares, the City of Mar, with Jose Eduardo Ramirez to the front, and the Sports Department, with Aridany Romero participate in coordination work.
