The Trip Advisor portal has once again stood out as a tourist destination in Las Palmas de Gran Canaria: this time, with a new inclusion of the Playa de Las Canteras beach among the best beaches in Spain and Europe. Thus, this website, which draws on the ratings obtained from travelers, continues to relate the attractiveness of the Gran Canaria capital, which, among other allusions, was already nominated as Europe's first emerging tourist destination in 2016.

Thus, in its already traditional Travelers' Choice for 2018 and as regards the beaches, Las Canteras is at the top of the ranking of the best in Spain (which also include other Canarian beaches), along with La Concha (San Sebastián), Ses Illetes Beach (Formentera), Maspalomas (Gran Canaria), El Cotillo (Fuerteventura), Sotavento (Fuerteventura), Costa Adeje (Tenerife), Morro Jable (Fuerteventura), Las Catedrales (Lugo) and Muro (Majorca).

Las Canteras also appears in the European Top Ten, behind La Concha, Elafonisi (Greece), Falésia (Portugal), Fig Tree Bay (Cyprus), Bournemouth Beach (United Kingdom), Kleopatra beach (Turkey), Isolde dei Conigli (Sicily, Italy), Balas Lagoon (Greece) and Ses Illetes (Formentera).

De Las Canteras highlights Trip Advisor as a prominent opinion of the users that offers "A beautiful and long sea promenade that allows you very pleasant walks".
